List of Covered Drugs

oscar

What is the Oscar Formulary?

A formulary is a list of covered drugs selected by Oscar in consultation with a team of health care providers, which represents the prescription drug therapies believed to be a necessary part of a quality treatment program.

Oscar will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at an Oscar In-network pharmacy, and other plan rules are followed.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., OTEZLA) and generic drugs are listed in lower-case italics (e.g., carvedilol). There are two ways to find your drug within the formulary:

1 Medical Condition

The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, Antiarrhythmics. If you know what your drug is used for, look for the category name in the list. Then look under the category name for your drug.

1 Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Oscar covers both brand name drugs and generic drugs. A generic drug is determined and approved by the Food and Drug Administration (FDA) to be therapeutically equivalent to the Brand drug and has the same active ingredient. Generally, generic drugs cost less than brand name drugs. You may be responsible for your member cost-share payment amount (copay or coinsurance) plus the difference in cost between the brand and generic equivalent if you or your doctor requests the reference brand rather than the generic equivalent.

What are specialty drugs?

Specialty drugs are usually prescribed by specialists and used to treat complex chronic diseases. These medications usually require special storage or handling, have a higher price and are not always available at retail pharmacies. Prescriptions for these medications must be filled at an in-network specialty pharmacy and may require additional counseling or education. Some specialty medications are only available at specific pharmacies (defined as limited distribution). The specialty drug list <https://www.hioscar.com/prescriptions> is available for your reference.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage.

These requirements and limits may include:

- **Prior Authorization:** Oscar requires you [or your physician] to get prior authorization for certain drugs. This means that you will need to get approval from Oscar before you fill your prescriptions. If you don't get approval, Oscar may not cover the drug.
- **Quantity Limits:** For certain drugs, Oscar limits the amount of the drug being filled. For example Oscar may limit a drug to only 30 pills in a 1-month timeframe or a maximum duration of therapy. These amounts will be listed in the formulary below if they are applicable to your medication.
- **Step Therapy:** In some cases, Oscar requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Oscar may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Oscar will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary. Your coverage may have additional limitations and exclusions. To learn more, view your summary of benefits at [www.hioscar.com/forms/...](https://www.hioscar.com/forms/)

Some drugs are not available under your prescription drug coverage. Prescription drug coverage does not include prescription drugs that are billed under the medical benefit, such as physician administered medications. Prescription drugs administered in physician offices and/or outpatient facilities are commonly referred to as ‘Physician-Administered Drugs’ and are applied towards the Medical Benefit portion of Your Oscar plan, not the Pharmacy Benefit. Physician-Administered Drugs require Prior Authorization. You can obtain information about drugs covered under the Medical Benefit in Your Evidence of Coverage.

What if my drug is not on the Formulary?

If your drug is not included in this formulary, you should first contact Concierge and ask if your drug is covered. Drugs that need a health care provider to administer them and are often given to you in a hospital, doctor’s office or other health care setting may be covered under your medical benefit and not included in this list.

If you learn that Oscar does not cover your drug, you can ask Concierge for similar drugs that are covered by Oscar. Discuss these alternatives with your doctor and ask them to prescribe one of the alternatives that are covered by Oscar.

How do I request an exception to the Oscar Formulary?

Your Doctor can ask Oscar to make an exception to our coverage rules. Generally, Oscar will only approve your request for an exception if the alternative drugs included on the plan’s formulary would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

Can the Formulary change?

Please note, the formulary is reviewed and updated on a monthly basis and may be subject to change. Most changes in drug coverage occur on January 1, but Oscar may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new utilization management restrictions. If you are impacted by a change to the formulary, Oscar will aim to notify you at least 60 days prior to the change becoming effective.

If we make such a change, you or your prescriber may request an exception for continued coverage. You can find information in the section above entitled “How do I request an exception to the Oscar Formulary?”

You can contact Concierge to find out if your drug is still covered, visit [hioscar.com](https://www.hioscar.com) and log in to your plan specific account, or use the Oscar app drug search feature.

How can I save on prescriptions?

Below are some tips to potentially help you pay less for your prescription drugs:

- Take less trips to the pharmacy by utilizing mail-order pharmacies or getting 90-day supplies of your maintenance medications.
 - Ask your doctor to prescribe drugs that are on the formulary or prescribe generic drugs instead of brand-name drugs. You can also let your pharmacist know that you would like a generic equivalent for a brand drug, whenever one is available. Your pharmacist can usually substitute a generic equivalent for its brand counterpart without a new prescription from your doctor.
 - Ask your pharmacy about any copay assistance programs available if you are taking a brand or specialty medication
 - Visit www.hioscar.com or call Concierge at 1 (855) OSCAR-88 to enroll with a care guide to determine if there are lower cost drug alternatives.

Formulary Terminology

The formulary provides coverage information about the drugs covered by Oscar. If you have trouble finding your drug in the list, look at the Index. The information in the Requirements/Limits column tells you if Oscar has any special requirements for coverage of your drug.

Abbreviation	Term	Description
PA	Prior Authorization	Your Physician must get approval from Oscar to cover this medication
QL	Quantity Limits	Some drugs have a limit of how much you can fill at a time
SP	Specialty	Specialty drugs are required to be filled at an in-network specialty pharmacy. Please note, select drugs are LDD (limited distribution) and may need to be filled at an out of network pharmacy. A complete list of specialty and LDD medications can be found here https://www.hioscar.com/prescriptions .
ST	Step Therapy	For some drugs you must first try certain drugs to treat your medical condition before we will cover another drug for that condition
OTC	Over-the-counter	Medications that can be purchased with ¹ or without a prescription from your Physician
PA**	Prior Authorization if Step Therapy is not met	A Prior authorization will be needed if you do not meet the step therapy

¹To be covered at the pharmacy a prescription from your doctor is required.

Cost Sharing

Your Doctor can ask Oscar to make an exception to our coverage rules. Generally, Oscar will only approve your request for an exception if the alternative drugs included on the plan’s formulary would not be as effective in treating your condition and/or would cause you to have adverse medical effects.
